

# GIANT 3010 25W-50

### **Description**

Multigrade lubricant oil for heavy, natural aspiration or turbocharged diesel engines where an API CF quality standard is required. Its viscosity enables it to be used in operating conditions with high ambient temperatures.

## **Properties**

Guarantees good lubrication in normal service conditions.

Prevents the formation of lacquers and varnishes thanks to its dispersant additives.

Its detergent capacity keeps combustion residue under control, thus preventing it from being deposited in the engine.

Its viscosity allows it to be used in warm atmospheres.

It maintains an adequate pressure and temperature under all service conditions.

### Quality levels, approvals and recommendations

• API SF/CF
